

# Launch Cloudant DB

The screenshot shows the IBM Cloud console interface. The top navigation bar includes the IBM Cloud logo, a search bar, and a user profile. The main content area is titled "Cloudant-gi" and shows the "Manage" tab selected. The "Overview" sub-tab is active, displaying deployment details for a Cloudant database. The details include the CRN, Location (Dallas), External endpoint, External endpoint (preferred), Authentication methods (IBM Cloud IAM), and Activity Tracker event types (Management). A "Launch Dashboard" button is visible in the top right corner.

**Risk assessment** Yes. Automatically generated risk assessment key

The screenshot shows the Cloudant dashboard interface. The top navigation bar includes the Cloudant logo, a search bar, and a user profile. The main content area is titled "Databases" and shows a list of databases. The list is empty, with columns for Name, Size, # of Docs, Partitioned, and Actions. A "Create Database" button is visible in the top right corner.

Databases Database name Create Database { } JSON 🔔
